

Greetings, I trust this letter finds you well. It finds Longwood's new East Conservatory bursting with exuberant plantings thanks to the assistance of Ambius (formerly Initial Tropical Plants).

I thoroughly enjoyed working with your crew to install the garden over the last two weeks. Your staff was thorough, amicable, and dedicated to realizing the design intent I had created. They worked diligently to be sure we were happy with everything they installed. The results are truly amazing.

Tres Fromme
Planning and Design Leader
